

Need help getting on top of your finances?

Free, confidential support to help you
get your finances on track

Here to Help

Our qualified financial counsellors can help you address financial matters by providing:

- an assessment of your financial situation
- strategies for communicating and negotiating with creditors
- options for dealing with debt
- advocacy with your creditors in certain circumstances
- information on concessions and rebate entitlements
- advice and information on consumer rights and obligations
- information about bankruptcy
- information and advocacy around financial abuse and referral to specialist DFV services
- specialist financial counselling for social housing tenants
- specialist financial counselling for people affected by gambling harm
- support and referrals to other services
