

**Free, confidential legal
advice and assistance
on a range of consumer
credit and fair trading
issues**

Here to Help

We are a community legal centre that provides free legal advice and assistance. Our lawyers help individuals resolve disputes with financial service providers, telecommunication and utility companies and other businesses and traders, within the ACT, on issues including:

- consumer credit and debt disputes
- consumer guarantees
- unfair contract terms
- insurance and bankruptcy

We also operate the Defined Benefits Information Service (DBIS) for the Motor Accident Injuries Commission, which provides information and limited legal advice on the ACT's Motor Accident Injuries scheme.
